Proposed Amendments to Drawings

Amendments to drawings consist of additional numbering and do not constitute the addition of any new matter. Numbers being added are shown in red.

The following amended drawings are submitted as replacements to the original FIGS. 5, 6, 7, and 8. They should now be referred to as Fig.5 (amended), Fig.6 (amended), Fig.7 (amended), and Fig.8 (amended).

Said amendments are necessary to clarify and define the matter being claimed as the patent and are pertinent to the objections set forth in the First Office Action.

William H. Falberg

A handwritten signature in black ink, appearing to read "W. H. Falberg", with a stylized flourish at the end.
